All the flavor
of a beautiful
dream

A bride and groom are standing on a balcony, facing each other and kissing. The bride is wearing a white wedding dress with a long veil and holding a bouquet of flowers. The groom is wearing a grey suit. They are positioned in front of a large, dark, arched stone door with a metal grille. The balcony has a black metal railing and is decorated with red flowers. The background is a light-colored stone wall with a small arched window above the door. The overall scene is romantic and picturesque.

A wedding cake should be two things: delicious and beautiful. While you should choose cake flavors and fillings that speak to your dessert preferences, the exterior of your dessert can be just about anything you'd like. Sure, a classic white wedding cake is always in style.

Rehearsal Dinner

AT BARACCHI WINERY

The rehearsal dinner can be as formal or informal as you like, depending on your desires. We try to keep the rehearsal dinner on theme with the wedding, which ensures that this celebration feels like an extension of the wedding itself and blends seamlessly into the rest of the weekend. Sometimes when the couple is having a really traditional wedding, they want an equally traditional rehearsal dinner to set the tone. Sometimes, they want to have something that feels more relaxed and easier. There are no rules. One option could be our Winery! We have done fantastic rehearsal dinners where the guests never sat down, and music played all night.

Rehearsal Dinner

AT OUR TUSCANY TRATTORIA

If you don't have very specific ideas for what you'd like this event to look like we can suggest the Locanda del Molino.

The rehearsal dinners are most often hosted on the wedding's eve and our country Inn is perfect, not too far, just 10 minutes by car from Il Falconiere. In regard to timing, plan so that all guests don't have too late of an evening.

After all, the main event is yet to come. Cozy inn with traditional menu where we can organize Theme dinner and fantasy parties.

"I would say the biggest advantage is the increased leverage with the hotel – the client can really make the property their own. That leverage gives clients the ability to customize the service experience for their guests. Things like housekeeping times and other staffing throughout the hotel can be customized based on a client's preferences. Additional benefits worth noting include full access to the resort's amenities, customization of resort amenities, and the ability to create a 'home away from home' experience for guests. "This is exactly our philosophy concerning a BUY OUT: Il Falconiere & Spa is the perfect deal for an ultimate escape in Tuscany: with our hotel buyout get the opportunity to book the entire hotel for your OWN personal use. A fully customized experience that will guarantee you privacy, safety, and most of all a memorable experience.
