

Embark on a transformative journey.

Ladera sits on the volcanic ridge between the two Pitons of Saint Lucia. We are the only resort located on the extraordinary 18 acre UNESCO World Heritage Site. Immersed in the rainforest with sweeping views of the Caribbean sea, we are Green Globe certified. Ladera is completely sustainable and hand-crafted by local artisans from local hardwoods, stone and clays. Every suite at Ladera is unique and has a heated private plunge pool and an awe inspiring view of the Pitons courtesy of our stunning open-wall design.*

Experience the breathtaking closeness of the Pitons from our award-winning restaurant Dasheene. Here our Executive Chef Nigel Mitchell imaginatively crafts St. Lucian-inspired farm-to-table dishes from produce sourced from gardens right here on property. Guests often remark that the greatest treasure at Ladera is our staff, whose sincere warmth and service excellence make you feel like family. Connect with them to discover a wealth of experiences on property including the Hideaway Rum Bar, the Piton Hiking Trail, mineral spring hot tubs, and many more.

Rise and awaken body, mind and spirit at *lévé*. This serene oasis is designed to restore and nourish holistically with a unique combination of mother nature and restorative therapies for a transformative wellness experience. Breathe in the spectacular panoramic views of the rainforest valley and Mount Gimie, while enjoying an indulgent collection to personalized treatments from world renowned spa experts, ESPA.
