CASTEL MONASTERO  
IS THE FRAME, THE MASTERPIECE  
IS THE EXPERIENCE YOU WILL LIVE

# YOU ARE THE ONLY MASTER OF YOUR TIME

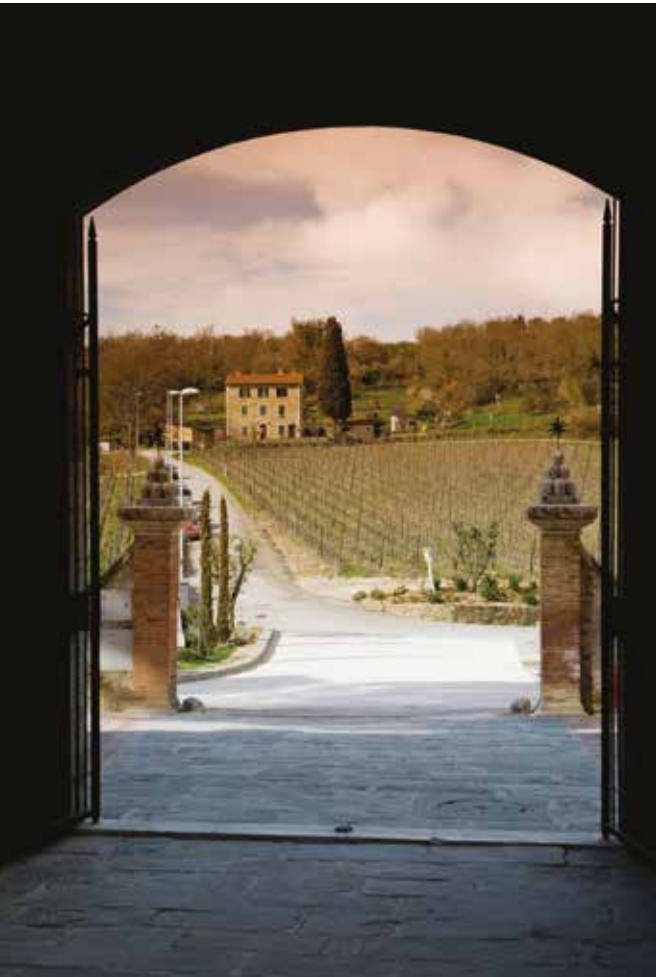

Imagine a small XI century hamlet totally devoted to hospitality and located in one of the most amazing regions of Italy, surrounded by Chianti vineyards, wheat hills and cypress rows.

Inside the ancient walls of Castel Monastero, the rooms, the suites and the Villa recall both the rustic and the harmonious elegance of the old Tuscan dwellings. In this unique realm, where everything is charm and relax, you will have the chance to make the most of your time, to create memories and make wonderful discoveries. From the wellness of our Spa, to the aesthetic treatments and the exclusive programs that combine mind, body and nutrition. From the treasures of Siena to the Palio and the works of Piero della Francesca in San Sepolcro. From the amazing Borgo di Pitigliano to the Etruscan necropolis. From the taste and smell of the Tuscan cuisine to its wonderful garrisons.

## A UNIQUE TASTE

We talk about good taste when good quality and beauty combine themselves in different and perfect ways. You will have the chance to taste the best local specialties, wines and gourmet dishes while enjoying the amazing settings of our restaurants: Contrada, which overlooks the wonderful main square of the Resort, and La Cantina, located under the wonderful vault ceiling of what was once a wine cellar.

## TASTE OF TUSCANY

It is here, among these fields and vineyard that the Tuscan cuisine, one of the highest expressions of the Italian taste, arose.

Is our Executive Chef that with its professional team, studies the flavors, who skillfully selects the ingredients and who writes the menus in respect of the tradition.

# OUR SPA: DETOX, WEIGHT LOSS AND ANTI-AGING PROGRAMS

## GO BACK TO YOUR ORIGINAL SHAPE IN A NATURAL WAY:

Our wellness programs start from the Aque Monasterii, a pool whose water is particularly rich in salt and magnesium and whose effects play a positive role on the muscles and joints. Besides, its draining effect reactivates the circulation and stimulates the endorphins. To make the most of the Spa experience, you cannot lose our two saunas, the Hammam, the Kneipp path and our wonderful infinity pool with hydro massage, which is perfect to tone up the body.

## OUR SPA PROGRAMS:

Our Spa features tailor-made programs that combine nutrition, sport, relaxing techniques and energizing massages that operate on the same areas of the acupuncture. The programs aim at stimulating the metabolism, purifying the body and balancing the diet with a series of menus - focused on mind, body and nutrition - adjusted by our Resident Chef together with a team of doctors and nutritionists. This way, getting back in shape and losing weight would be a wonderful journey through new emotions.

## THE WELLNESS OASIS:

Apart from finding a perfect balance between mind and body, the Remise En Forme will focus on other related activities: a global restyling thanks to non-invasive aesthetic and anti-aging treatments medicine such as filler, biorevitalization, botox and laser; chinese acupuncture sessions to alleviate sleep, hormonal and metabolic disorders; osteopathy sessions to treat a bad posture and chronic pains to the joints.
