## PROPOSALS FOR CATERING AND GUEST ROOMS

After discussing your ideas and needs, our wedding planners will calculate initial price proposals based on menu selections, number of guests in attendance, and your chosen venues and guest rooms. This initial proposal will give a sense of the per-person price, but we're pleased to create a more detailed proposal to fit your budgetary needs.

## CONTRACT & INITIAL DEPOSIT

A signed contract and an initial deposit will be required to secure your wedding date, venues, and guest rooms. This deposit will consist of 25% of the total guest-room block, 19% tax, and 15% service; 25% of the food and beverage minimum, 16% tax, and 18% service; and 25% of the setup fees and 16% tax. When guests are responsible for their own rooms, the initial room deposit is applied to the wedding master account to be used toward wedding-event expenses or the couple's and incidentals.
